MODERN GBQ

Grace Building Quote

For Construction Estimators

A faster, consistent estimating engine built by an estimator.

Modern GBQ is powered by GEM, the Grace Estimation Method, developed over 35 years of estimating in Australia, the UAE and Egypt.

Structured breakdowns

Every project split into stages and elements, priced from quantities and current rates.

Consistency across projects

The same proven methodology every time, for every estimator on your team.

Adjust and re-run instantly

Change rates, quantities or finishes and see the effect immediately.

Focus on judgement, not arithmetic

Let the engine handle the calculations while you apply your expertise.

1. **Create your account**
2. **Set up your project**
3. **Refine the estimate and report**

Powered by GEM, the Grace Estimation Method: developed by architect Sam Grace over 35 years in construction across Australia, the UAE and Egypt.

Try it on your next project

Create your free account in two minutes. Also available as the free Grace Quote app on Google Play.
